**FOR IMMEDIATE RELEASE**

**CATHEDRAL CORPORATION SELECTS TETI AS VP — PROGRAMMING SERVICES; BRINGS 25 YEARS OF SYSTEMS EXPERIENCE**

Contact: Larry Beasley 315-356-6229; [lbeasley@cathedralcorporation.com](mailto:lbeasley@cathedralcorporation.com)

---

ROME, NY -- Cathedral Corporation, a national provider of transactional documents, customer care communications and personalized direct mail and e-marketing programs, has announced that Stephen G. Teti was recently hired as the company's Vice President for Programming Services.

In his new position, Teti will be responsible for all client programming and applications development efforts.

Prior to joining Cathedral Corporation, Teti spent 11 years as vice president and Central New York development site manager for the Bank of New York Mellon, supporting nearly 200 information technology professionals at two upstate New York locations.

He was previously responsible for systems, operations and processing, corporate training and call center operations for the Savings Bank of Utica and also spent several years with General Electric in various IT capacities.

With nearly 25 years of industry experience, Teti possesses highly specialized IT experience in the banking and manufacturing industries, with a focus on facilitation and delivery of quality computer customer services.

“Cathedral is a recognized leader in data management,” said Marianne W. Gaige, President and CEO of Cathedral Corporation. “Stephen is helping to take our business to the next level by creating teams who bridge the gap between business and technology to analyze our customers’ needs, design a solution and carry it through to implementation. As our teams incorporate greater technological expertise with excellence in customer service, Cathedral will increase its ability to provide our customers with solutions that expand their capabilities.”

With nearly 25 years of industry experience, Teti possesses highly specialized IT experience in the banking and manufacturing industries, with a focus on facilitation and delivery of quality computer customer services.

Teti earned a bachelor's degree in management information systems/information technology from Utica College and is a graduate of the American Bankers Association's Executive Business of Banking School. He serves on the St. Elizabeth's Medical Center Foundation board of directors and is a member of LeMoyne College's Technical Advisory Board. Teti is also a past president of the Utica Rotary board of directors and active community volunteer.
